REFERRING to the article "Wei denies making exit from REDtone" published on Nov 11, it was stated that Datuk Wei Chuan Beng, REDtone's co-founder, had clarified that he is not cashing out from the telco despite his disposal of a 4.67% stake or five million shares, at 35 sen each. It should have read "his disposal of a 1.09% stake, or five million shares, at 35 sen each, leaving him with a 4.67% shareholding in REDtone."

With reference to the article "Ramunia explains ONGC decision" published on Nov 16, Ramunia Holdings Bhd has clarified that it had declined to re-tender for a US\$190 million (RM602 million) contract with India's Oil and Natural Gas Corp Ltd for a contract to construct five well head platforms and not 10 as reported.

The errors are regretted.
